### Ingredients

4 large or extra large egg yolks  
1 14 ounce can sweetened condensed milk  
1/2 cup fresh key lime juice (approximately 12 Key limes)  
2 teaspoons grated lime peel, green portion only  
Whipping cream for garnish (optional)

### Crust

16 graham crackers, crushed  
3 tablespoons sugar  
1 cube (1/4 lb) margarine or butter

### Directions for Pie Crust

Mix the ingredients and press them into a 9" pie plate. Bake in a preheated 350F oven for 10 - 12 minutes until lightly browned. Place on a rack to cool.

### Directions for Pie Filling

Use an electric mixer and beat the egg yolks until they are thick and turn to a light yellow, don't over mix. Turn the mixer off and add the sweetened condensed milk. Turn speed to low and mix in half of the lime juice. Once the juice is incorporated add the other half of the juice and the zest, continue to mix until blended (just a few seconds). Pour the mixture into the pie shell and bake at 350F for 12 minutes to set the yolks and kill any salmonella in the eggs.

### Fruit Salad

6 cups assorted chopped or sliced fresh fruit, (berries, bananas, oranges, mandarin oranges, pineapples, mango, grapes, and/or kiwifruit)

2 limes or other citrus fruit squeezed over the top of the bowl

# Hola'

Hello, my name is Maria and I am from Spain. We were one of the first settlers on the land now called Florida.

Some of the first crops practiced by the settlers were corn, (maize), figs, grapes, watermelon, beans, (pinto) and squashes or pumpkins.

As we settled on the land we had many jobs to complete everyday. The women and children helped with the gardening, cooking, weaving and laundry. The men worked hard fishing, hunting, and working on the land.

Spain is known to be a very musical country. So when we came to America we brought a part of our heritage with us to share with all the settlers here. Now many people dance and sing the world famous *flamenco dance*.

I am wearing my flamenco dress for a celebration today. We wear ruffled dresses some are solid colored others may have polka dots. I wear bracelets and have hidden money pockets to hold my coins and handkerchief. My hair is always pulled back in a bun. Sometimes I wear fancy combs, *manila* scarves or flowers in my hair. To finish my outfit I wear black dance shoes and carry fans or canastas.

**Color the picture. Decorate and color the dress your favorite color. Her ruffles can be several different vibrant colors.**

**Hi, My name is Tomika.**

I am going to tell you a little bit about our village land, the place you call 'Florida' today. Most of our villages were beside rivers. Our tribe made good pottery and tools. I saw horses for the first time when they brought the Spaniards here. Our House had one very large room. It was always warm inside. We had lots of people living with us. We fished and grew corn in the garden, then cooked over the fire at home.

**Our Dads were strong and loving.**

They were gone sometimes. They went for weeks to trade things along the rivers, they had very big canoes. Sometimes they hunted for Buffalo, and sometimes they shot the deer.

**Our Mothers were sweet and caring.** They made clothes out of the skins from the animals, weaved baskets, gardened, cooked and took care of everyone in the family.

## Crafts

### Seashell Pen or Candle Holder

Items needed:

Clay pot small size  
 rice, to fill the pot  
 assorted shells colored or natural  
 white grout  
 paint to decorate the bottom half of the clay pot or the shells  
 glitter glue to paint on the shells to make them shiny  
 candle or a couple pens

Cover the lip of the pot with grout and gently place the shells in the grout until they stick. Continue until the entire top portion of the pot is covered.

Then proceed with painting the bottom portion of the pot, decorating it with swirls and shiny glitter glue. Older participants may wish to place more shells all along the bottom portion of the pot.

When the grout is almost completely dry you may wish to lightly brush glitter glue on the seashells to give it an extra texture and shine.

**FOR THE PEN HOLDER:** When the pot is completely dry place dry rice in the pot, about a 1/2 inch from the top of the pot for the pens.

**FOR THE CANDLE :** Place rice in the bottom of the pot, about 1/2 cup. Place the candle in the center of the pot and add rice to the pot until it is held steady and strong.

Do not let the participants light their own candle without parent supervision.

### CONSTRUCTION PAPER HEADBANDS

Brown construction paper 11 X14  
 stapler  
 markers or crayons  
 feathers (optional and can be cut out of construction paper)

Cut construction paper in 2 inch wide strips. Wrap a couple strips around the diameter of the participants head. Staple the two pieces together. Distribute the markers and let them decorate one side of the headband. If they decorate both sides the marker could make imprints on their forehead. Staple a feather at the end of headband. You will then need to place it on their head and mark that the strips need to be stapled together. Make sure it is a secure spot so the headband will not slide down off their head.

## Jellyfish Windsock

1 large piece of foam (11 X 14)  
 Solid colored fabric ripped in 2 inch wide strips (About 12 inches long)

## OUTSIDE WINDSOCK:

Cut strips of fabric in 2 inch wide strips about 12 inches long. Attach to the bottom of foam edge with stapler. Attach the ends together to form a cylinder. (as shown)  
 Cut small slit on each side at the top. Attach one end of the strip to one side and complete by attaching the other end to form a handle at the top of the windsock.

## INDOOR WINDSOCK:

Cut streamers in strips, about 12 inches long. Tape or glue the streamers at the bottom of the construction paper, about 1 inch apart from each other. Attach the ends together to form a cylinder as shown above. Staple at the top edge and the bottom edge of the windsock to secure it. Attach strip to top of windsock to act as a handle to hand windsock inside.

## FELT HEADBANDS

Beige or tan felt, (at least 45 inches in length and 2 inches wide)  
 markers or crayons  
 feathers

Pre cut strips of fabric one for each participant. Distribute the markers and let them decorate one side of the headband. If they decorate both sides the marker could make imprints on their forehead. Wrap the felt piece around their head. Secure it in the back with a knot. Place the feather in the knot.

## Goodie String Game

This game completes requirement # 10. What is a “goodie string”? It is a game that they can collect candies or “goodies” for children for the celebration of the festive holiday.

### Items needed for the game:

**Dice**

**Game pieces** [or use the below shapes as game pieces]

**Game board**

**Game cards** [make multiple copies for the game board]

**Directions:** **Tape** the two game boards together. They may also color the game board with **crayons** to make it colorful. Have each participant pick a game piece or use pieces such as buttons or coins. They may color their paper game piece. Place all the game pieces on the start here area.

**The rules are as follows:** The person who rolls the highest number goes first, then you proceed clockwise. Follow the signs and steps around the board.

**Collecting Cards:** You will need to collect at least *three* character cards before you can proceed to the end of the “goodie string”. To collect the cards you need to land on the lollipop, candy bar, marshmallow, candy, candy cane, or gingerbread to collect this card.

If you land on the gingerbread house you can choose any card of your choice from the stacks of cards.

If you land on a character, then you choose a card that relates to that character.

The first person to reach it to the end of the “good string” is declared the winner. You do not have to roll an exact number to reach the winner square. Example: If you roll a five and you only have 3 spaces left you are the winner.

This means when you roll you can go backwards or forwards in order to land on these items. When you have collected at least 3 cards, you may then proceed to the finish line.
