The national **USS Arizona memorial** was designed by Honolulu architect Alfred Preis. The United States Navy wanted the memorial be in the form of a bridge floating above the sunken battleship and accommodates 200 people per tour. You need to take a boat to get to the memorial

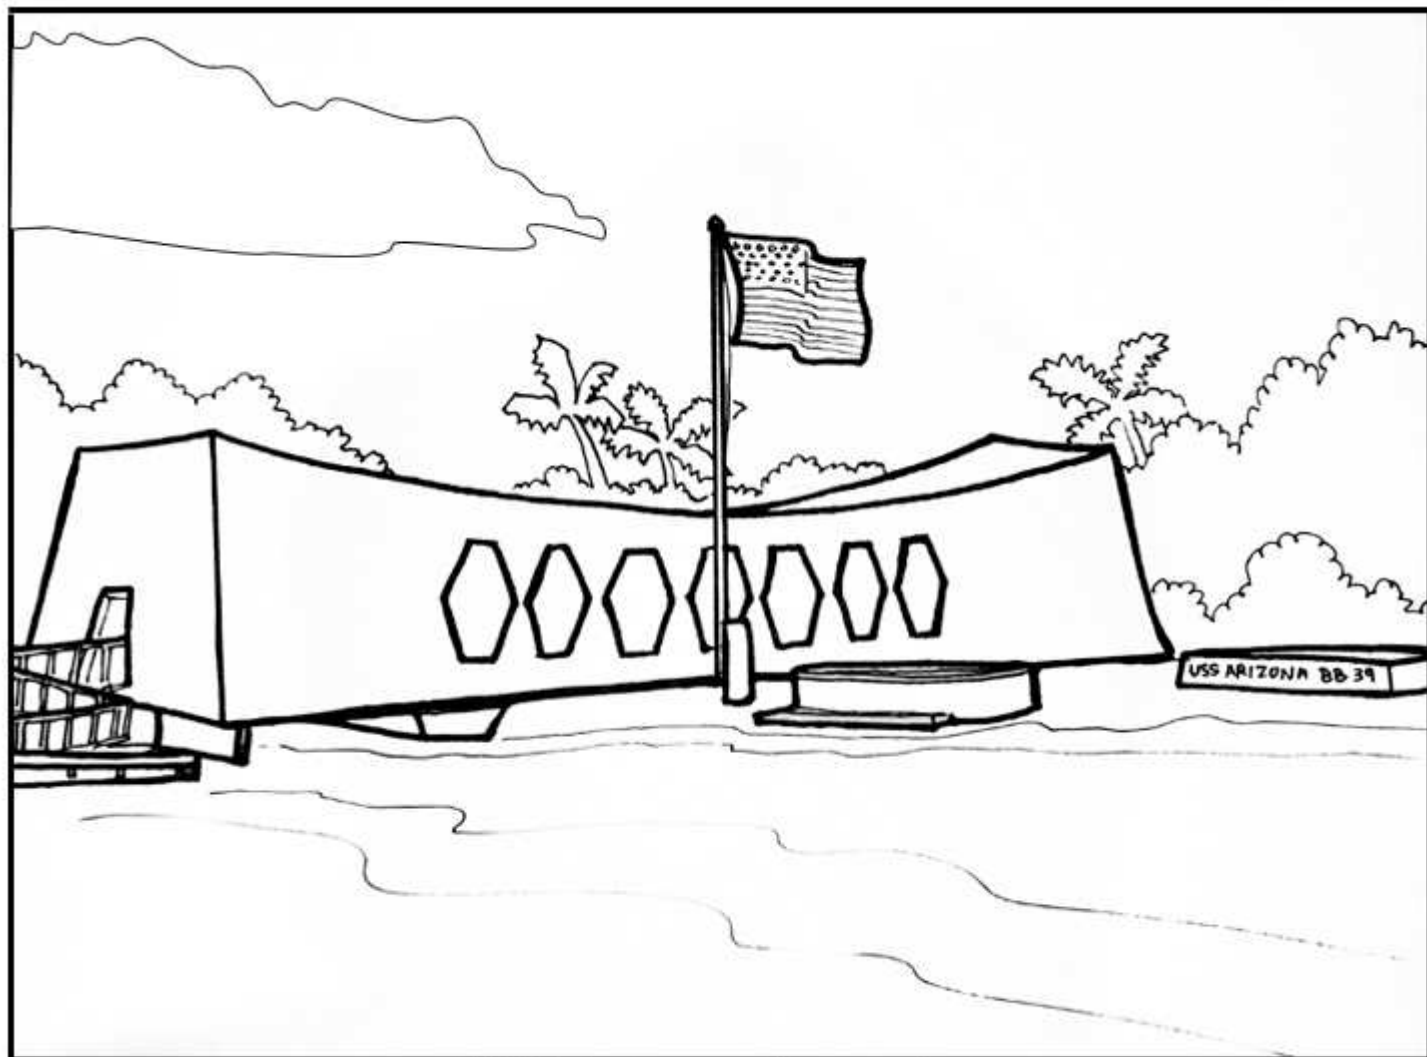

The 184-foot-long structure has two peaks at each end connected by a sway in the center of the structure. It represents the height of American pride before the war, the sudden attack in the middle sway, and the rise of American power to new heights after the war.

The main parts of the memorial is the entry, assembly room, and shrine. The **seven** large open windows are located in the assembly room, to commemorate the date of the attack, December, **7** 1941.

The shrine is located at the far end of the memorial and is made of marble. It has the names of those that died. Leis are placed on the guardrails located in front of the names of the soldiers and sailors.

Located near the visitor center, is one of the anchors of the *Arizona*. It weighs 19,585-pounds. *The anchor and memorial Image is located on the patch.*

Color the structure white and the flag red, white and blue.  
Color the other items their natural color.

## Adaptability and Resourcefulness

During World War Two, factories began to make war materials rather than things we use daily. So the government began to ration everyday things to make sure everybody got a share. What if the following items were rationed today? Fill in the chart below. The first one is done for you.

	What do you use/eat regularly that requires this product?	How would you adapt to living without it? What could you use instead?
Rubber	<ul style="list-style-type: none"> <li>• car/bicycle tires</li> <li>• shoe soles</li> <li>• basketballs, tennis balls, etc.</li> </ul>	<ul style="list-style-type: none"> <li>• Use public transportation.</li> <li>• Don't buy new shoes until the old ones are worn out.</li> <li>• Play games that use non-rubber equipment (e.g., Frisbee, tag, footraces, capture the flag, etc.).</li> </ul>

# Valentines for Veterans

**Every year young children create special Valentines to brighten the lives of our nation's Veterans.**

**1. Cards can be created in every shape and size** — and are made with everything from tissue paper, stickers, and colored doilies to crayons, construction paper, and rubber stamps. Please do not place glitter on the cards. You can send a store-bought valentine; hand-crafted cards, however, make Veterans feel extra special. Valentines of all shapes, sizes, and colours are welcome. However, valentines that are greeting-card size are easier to package and distribute.

**2. Please do not include candy or chocolate with the valentines.** *Do not use sparkles or materials that easily break off the valentines.*

**3. Participants can sign their first name.** However, do not include addresses or phone numbers.

**4. Do not put individual valentines in sealed envelopes.** Send a single large envelope containing all of the valentines, **as shown on the patch.**

**5. Do not put the date or year on the valentines.**

**6. Make sure the participants are aware of who Veterans are**—they are living and were men and women who served in the military. *Avoid using "RIP" and images related to violence or death such as graveyards or guns.*

**7. You can write a poem or include one of significance to Valentine's Day or to Veterans**, such as, "Roses are Red", if you would like to *write in the card*, tell the Veteran why they are important, what you plan to do this year to remember our nation's proud military history, or the reason you want to wish them a Happy Valentine's Day. Thank the Veteran for his or her service.

**7. Drop off or mail your cards to the nearest Veterans Medical center.**

**<http://www.va.gov/directory/guide/vetcenter.asp>**

## **Make your own Flower Lei**

1 40-inch piece of string or yarn

1 plastic needle

silk flowers ABOUT 40 petals (taken from the artificial stem, or purchased in bulk at local craft stores)

28 straw pieces cut into [1 to 1 1/2 inch pieces]

First cut your straws in about 1 to 1 1/2 inch pieces. If you decide not to use any of the above then you will need A LOT more flower petals. Optional: If you have some colorful pony beads you can place them on their as well. This is completed sometimes in REAL leis by using the green berry plant. The berry resembles a hard bead.

Thread your needle and knot about 2 inches from the bottom. Start with a flower, pushing it all the way to the end. Then add a bead, then a flower, then a straw, then a flower, then a bead, and so on, until about 2 inches of thread is left. The last item threaded should be a straw. Tie the two ends together, knotting close to the lei. Trim ends. This lei is sized to be worn around the neck of an adult. Children will require shorter threads, and fewer lei making materials.

**If your flower petals don't have a hole in the center** then the flowers will need to be pre cut with a center hole. You can complete this by folding the flower in half and snipping the center, this will then form a hole. You would also want to use beads with a larger hole to thread on the yarn. (pony beads)

## **Wearing Silk Flowers in Your Hair**

**Left side** means I am married

**Right side** means single

Place them behind your ear or attach flowers to bobby pins or clips.

**Plan your Hawaiian Luau with easy to find items at your local market. Some suggestions to arrange a tropical display would be:**

- Sherbet or sorbet served in festive glasses or shells.
- Tropical Fruit is a highlight of any luau. Try some of the following at your luau or festive celebration.
- Pineapple chunks on a toothpick
- Watermelon, honey dew or cantaloupe carved out with a melon scoop and served in a watermelon shell, watermelon basket, or festive bowl. You can also cut the fruit in squares, place tongs in the container for easy serving.
- Bananas and strawberries dipped in chocolate How to make a watermelon basket, pineapple boat or banana boat.
- Kabobs are also a hit at any party. Barbecued or baked chicken or ham cut in cubes, thick slices work well. Other items to substitute or stack with the meat products is pineapples, hot dog slices, onions, squash, zucchini, mushrooms. Serve with rice.
